

HPLC 98% Purity CAS 827306-88-7 Acetyl Tetrapeptide 3 MW509.61 In Hair Care

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Hongbaiyi
- Certification: HPLC
- Model Number: HBY-Acetyl Tetrapeptide-3
- Minimum Order Quantity: 1-500g
- Price: Negotiable
- Packaging Details: 1-500g /plastic bottle
- Delivery Time: 3~5 days, upon receipt of payment
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 5000kg per month

Product Specification

- INCI Name: Acetyl Tetrapeptide-3
- Cas No.: 827306-88-7
- Recommended Use Level: 100-1000PPM
- Storage: Keep In Dark And Cool Dry Place (-5 To 8°C)
- Appearance: White To Off-white Powder
- Odor: Slightly Characteristic Odor
- Theoretical MW: 509.61
- Purity (HPLC): ≥95.0%
- Applications: Hair Care
- Function: Increases The Immuno-vigilance Of The Skin, Stimulates The Skin Immune Defenses Regenerate The Epidermal Profile, Providing A Powerfull Barrier Against External Factors. Boosts Skin Regeneration, Helping The Skin Regain Its Youthful Aspect.
- Highlight: **Acetyl Tetrapeptide 3 Peptide, Cosmetic Peptide 827306-88-7,**

Product Description

Purity (HPLC) 98% CAS 827306-88-7 Acetyl Tetrapeptide 3 MW509.61 In Hair Care

Basic Information of Acetyl Tetrapeptide-3 Peptide:

INCI Name	Acetyl Tetrapeptide-3
Cas No.	827306-88-7
Recommended use level	100-1000PPM
Appearance	White to off-white powder
Purity (HPLC)	≥95.0%
Applications	Anti-inflammatory and anti-age
MOQ	1g
Storage	-5 to 8°C

What is Acetyl Tetrapeptide-3 Peptide?

Acetyl Tetrapeptide-3 Peptide, also known as CG-Tetrapeptide-3 or Follixyl, is a synthetic peptide that is used in cosmetics to promote hair growth and improve scalp health. It works by stimulating the production of collagen and elastin, two proteins that are essential for healthy hair follicles. Acetyl Tetrapeptide-3 Peptide also helps to reduce inflammation and protect the hair follicles from damage.

Acetyl Tetrapeptide-3 Peptide is generally considered to be safe and well-tolerated. However, some people may experience skin irritation, redness, or itching. It is important to avoid using Acetyl Tetrapeptide-3 Peptide if you are pregnant or breastfeeding.

Acetyl Tetrapeptide-3 Peptide is typically used in concentrations of 0.1-1% in hair care products. It can be found in a variety of products, including shampoos, conditioners, serums, and masks.

The benefits of using Acetyl Tetrapeptide-3 Peptide for hair:

- Promotes hair growth
- Strengthens hair follicles
- Reduces hair loss
- Improves scalp health
- Reduces inflammation
- Protects hair follicles from damage

If you are looking for a way to promote hair growth and improve scalp health, Acetyl Tetrapeptide-3 Peptide is a good option to consider. It is a safe and effective ingredient that can be found in a variety of hair care products.

Here are some examples of hair care products that contain Acetyl Tetrapeptide-3 Peptide:

- Follixyl Hair Regrowth Shampoo and Conditioner
- Grow Gorgeous Hair Growth Serum
- Viviscal Maximum Strength Hair Growth Supplement
- Nutrafol Men's Hair Growth Supplement
- Minoxidil Rogaine Topical Solution

Please note that Acetyl Tetrapeptide-3 Peptide is not a miracle ingredient, and it will not restore hair that has already been lost. However, it can be a helpful addition to your hair care routine if you are looking to promote hair growth and improve scalp health.

It is also important to note that there is limited scientific evidence to support the use of Acetyl Tetrapeptide-3 Peptide for hair growth. However, many users have reported positive results, and it is generally considered to be a safe ingredient.
